Summary: Xilite reflecting on what she has become and whether she's being controlled herself...

## Vengeance's Control

I feel so incomplete and somehow I feel alone

> I feel this need for power, for control<br> Once you have the capability you never can let go

> <br> Where are my allies? The Xaralites, my friends?

> The Andalite has promised that we will be allies, but I know it will end<br> I do not have any I can fully trust; for myself I fend

> <br> I have my own goals, so different from theirs

> About the fate of the human race I really do not care<br> The Yeerks can take this planet, and then their own destruction I will swear

> <br> I have my grudges against the Yeerks and the Andalites, their foes

> But is this all I live for? Vengeance for my people's woes?<br> Is that all I am now? Am I under vengeance's control?

> <br> Nothing can erase the fact that I have failed

> And now the destruction of those races I long to hail<br> But is that my sole purpose in life -- to the seas of vengeance sail?

> <br> I failed my people, I failed Cairo, I failed Rlin

> Arrogance is my escape from the simple fact that fail I did<br> Maybe I deserve to be destroyed...maybe I deserve to be killed from within
